# Matthew T. MacDonald, CISA, CCSFP

## IT Assurance Supervisor

---

### **OVERVIEW**

Matt is a Supervisor in Wolf's Information Technology (IT) Assurance Services group where he is responsible for managing IT audit services for a wide variety of clients. He has worked extensively in the financial, healthcare, education, and software sectors and has over five years of consulting experience.

### **AREAS OF EXPERTISE**

Matt has executed various projects involving business continuity, disaster recovery, vendor management, cybersecurity, vulnerability management, network/application-level security, and Service Organization Control (SOC) reports. He has significant experience with evaluating institutions utilizing Federal Financial Institutions Examination Council (FFIEC), National Institute of Standards and Technology (NIST), Critical Security Controls (CSC), and Health Insurance Portability and Accountability Act (HIPAA) security-rule frameworks.

### **ON A PERSONAL NOTE**

Matt currently resides in Brooklyn, NY. He enjoys going to concerts, craft beer, perusing modern museums, traveling, and spending time with his family.

### **EDUCATION AND CERTIFICATIONS**

Graduate of Bentley University

Certified Information Systems Auditor (CISA), ISACA

Certified Cybersecurity Framework Practitioner (CCSFP), HITRUST Alliance
